ABOUT THIS CHART

- This chart organizes information assurance policies and guidance by CIIA Strategic Goal and Office of Primary Responsibility (see Color Key). It is intended to show all IA or IA-related policies a Component may need to comply with and direct users to the full text.
- This chart attempts to link to the most authoritative source for each document. We check the integrity of the links on a regular basis, but have no control over the sites linked to, so you may occasionally experience an error message due to problems at the source site or the site's decision to move the document. Please let us know if you believe the link is no longer valid.
- No priority is intended by the arrangement of the guidance boxes.
- In the electronic version, each policy and the OPRs in the Color Key are hyperlinked to their full text or respective sites online. To use the hyperlink, simply click on the box.
- Policies in italics indicate the document is marked for limited distribution or no public-facing hyperlink is currently available.
- Boxes with red borders reflect recent updates.
- For printing, this chart is best viewed on 22"x17" (Size C) paper.
- Note: Users of the iPad, iPhone or iPod Touch may find they can view this Chart but that its hyperlinks are inoperable, because of Apple's decision not to fully support certain Adobe products. For those who desire a workaround for this issue, there are apps in the iTunes store for less than \$1.00.
